CSA Philosophy

The CSA model of farming is based upon the agreement of shared risk between grower and CSA member. While we guarantee to do everything in our power to facilitate a bountiful season, we cannot guarantee the actual bounty. By joining the Restoration Farm CSA, you indicate that you understand and accept the risk involved.

Pickup Insurance

Recommended for members who don't want to risk missing a pickup. Insurance guarantees that your share will automatically be packed up if you haven't arrived by 30 minutes prior to closing. Your share will be stored in an accessible, shaded, non-refrigerated location, and you'll have 48 hours to claim it.

Full Share Insurance \$60 _____

Half Share Insurance \$30 _____
